SHORTHORN
BULL SALE

January 26, 1963

TORONTO, ONTARIO

FOREWORD

R. W. GARDHOUSE

Shorthorn Sales Incorporated is an organization dedicated to the assembling of top bulls to be sold at annual auction. This 1963 sale is the second sale to be staged under the auspices of this organization, and it can be truthfully stated, and without qualification, that the organization has gathered together from many top herds in Canada and the United States a superb offering of bulls that are of real stock bull potential. To have undertaken the selection of bulls on any compromise of quality or pedigree acceptability, would have been to defeat the fundamental objective of our organization. The staging of this annual sale has not been a venture that has been lightly or casually engaged; it is an event which is planned to develop and grow as a tradition within the Shorthorn industry of North America.

The sponsors of this event have again chosen Toronto, Ontario, as the locale, and the sparkling new addition to the Coliseum Building at the Royal Agricultural Winter Fair will house the bulls and be the focal centre of the Sale and Show. Senor Chas. Duggan of the Argentine will judge the bulls. A study of the bulls' pedigrees, as contained in this catalogue, will reveal that they are of impeccable bloodlines. I mention all this because the Judge, the facilities (coupled with greatest Farm Implement Show on the continent), the cattle, and the top herds from which the consignments are drawn, all combine to make this a feature attraction on the Shorthorn and Polled Shorthorn calendar of this continent.

May I suggest that to insure the continued and future success of your cattle breeding operations, it is most important that you have at all times an additional bull on which you can rely. It is indeed folly to wait until such time as you "must" have a bull immediately; this is a serious and a costly position in which to place your breeding programme. When bulls such as these are offered, no matter where you live, time and travel are secondary; these bulls carry a trademark of distinction, which is commensurate with the high ideals of our selling organization.

Reford W. Gardhouse,
President
Shorthorn Sales Incorporated

GUARANTEE

1. Proper care must be given by purchaser to protect qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within SIX MONTHS of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
4. Certificates of registry and transfers in the Canadian Shorthorn Association will be furnished with each animal sold and all animals are eligible for registry in the American Shorthorn Association.
5. Shipment will be made as soon as possible after the close of the sale at instructions of purchaser, but at purchaser's risk of loss or injury after animal is purchased. All animals sold in this sale will be backed by the above Standard Guarantee. All transactions constitute a contract between the buyer and seller of each lot.

PLEASE NOTE . . . Notices of failure of a bull to be a breeder must be made to the seller within six months of purchase, or by the time the bull has reached 20 months of age, if purchased under 14 months of age.

A FEW OF THE SIRES AND GRANDSires OF MANY OF THE BULLS SELLING

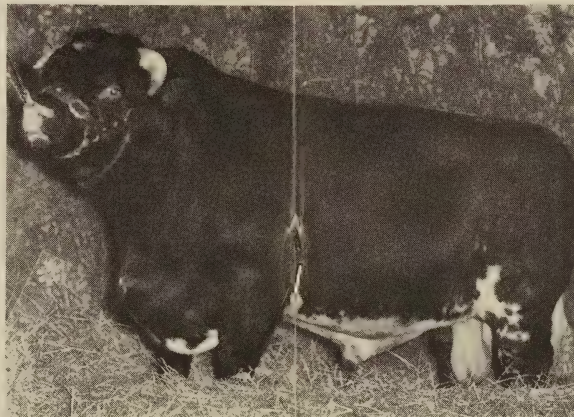

This is a sale based on the simple premise that good bulls, backed by good ancestry, is still the safest guarantee for breeding consistency that has yet been devised in animal breeding.

Pictured here are just a few of the renowned sires and grandsires that appear in many of the pedigrees in this catalogue.

Footnotes to the pedigrees in this catalogue are worthy of attention and study. Sweeping statements have not been made — the footnotes contain factual information about the ancestors.
